## State Funds Bill Given To Assembly

State's campaign for new buildings was given an added push during the Christmas holidays when news was received that Assemblyman Ray Williamson had introduced a bill calling for \$2,238,000 for building operations on the present campus. These figures were based on estimates made at the office of the state architect and represent costs according to up to date calculations.

The strategy committee composed of Ed Cockrum, Howard Demeke, Bud Decker, and William J. J. Smith met at the college on Monday evening to plan further for the coming semester. Cockrum stated that due to political reasons certain activity of the committee would have to be shrouded in secrecy from time to time but that all verified developments would be made known to the student body as soon as they occurred. Cockrum added that the campaign would be even more intense than last semester especially as time approached for the bill, as submitted by Williamson, to come up on the floor for debate.

When this time comes, Cockrum said, the result will depend a great deal upon the efforts of the united student body in supporting the measure.

### ENROLLMENT FIGURES GIVEN

From figures received from Mr. Nee's office late yesterday the enrollment so far is 1237 regulars and 35 limiteds making a total of 1298 students at the college this semester.

## Pardee Low Opens Series Of Lectures

Mr. Pardee Low, Chinese writer and sociologist, opened the World Tomorrow lecture series which deal with folk culture in America, being offered free to the general public by San Francisco State College, when he spoke on "Scales of the Dragon: costly cultural treasure from China" last Monday night, February 1, in the Frederick Burk auditorium. People from all walks of life from different districts of cosmopolitan San Francisco attended the lecture. The speaker was introduced by Mr. William Low of the Chinese Six Companies.

Mr. Low is a noted lecturer and social research worker. He spent his first few years in college at Stanford University where he graduated with an A. B. degree in 1930. From there he went to Harvard University where he was awarded his M. B. A. degree in 1932. From Harvard he came back to Stanford as a Research Fellow in Sociology. He became Organizer and Acting Supervisor, Chinese Division, Social Service Department of the S. E. R. A. of San Francisco in 1934. Since last year, up to the present time, he has served in the following capacities: Assistant to the Research Secretary, Assistant to the Secretary-General, Secretariat of the Institute of Pacific Relations; also contributor to "Asia," "Survey Graphic," "Missionary Review of the World," "Pacific Affairs," and "World Peace Foundation."

According to Miss Mary L. Kleinecke, chairman of the Symposium Committee which is arranging the presentation of the World Tomorrow series, one upper division credit for education, English, philosophy, or social science is offered to students. Two units are offered for the pro-seminar course which immediately follows each lecture.

The lectures are presented every Monday night, at 7:30 p.m., at the Frederick Burk auditorium, corner Laguna and Hermann Streets. The one to be given next Monday will be delivered by Mr. Roy Nash of the Indian Agency, Department of Interior. He will speak on "Cultural Contributions of the American Indian." Mr. E. R. Armsby of the Indian Defense Association will introduce him.

These popular discussions of timely themes give students and San Francisco residents opportunities to become acquainted with the college faculty and with eminent local citizens. All are urged to come to hear their challenging ideas.

## Gater Staff States Policy For Semester

This week the Gater comes to Staters in the form that is to be followed for this semester, five columns, tri-weekly. Under the leadership of Editor Jean Coplestone the Golden Gater has dedicated itself to the policy of "we're an organ of the student body, we're for the student body."

Cliff Worth will manage the Monday edition with Bob Chamberlin as his assistant. Ed. Smith, last year's sports columnist will take over the position of Associate Editor; Bill Rose will handle the job of Sports Editor, Dorothy Jean White that of Feature Editor.

Because of the difficulty in contacting and posting ourselves on the activities and meetings of all campus organizations, each Club is asked to elect or appoint a publicity manager. This officer will be responsible for turning club news into the Gater office where re-write men will put the news in story.

THE EDITORS.

The mid-week edition will be under the editorship of Louise Vallarino, who will have Ina Gill as her Assistant Managing Editor. Patricio Megino has been chosen as Associate. Lee Scarlet and Jim Martin will be editors of Features and Sports respectively.

Veteran Max Williamson returns to the State Press to direct the destinies of the Friday edition. Louis Abrams will act as his Assistant, while Rosemarie Alexander is to be Associate Editor. Dave Shutz will rule the sports page, Roy Laugesen is to garner the feature material.

Bob Steenberg has been made Art Editor for all three issues; it is believed that this move will make for uniform cuts in the three papers. The Brush 'n' Palette will collaborate with the Art Editor.

High Freshmen class pictures will be taken Friday noon in front of the Women's Gymnasium. There will be a class meeting immediately after to nominate a new vice-president. All are urged to come.

## S. F. State Stars in N. B. C. California Blue Network On Chain Stores Program

Mr. Nee

San Francisco State will go on the air! In a regular broadcast program known as "California's Hour" sponsored by the Chain Stores of California and heard every Sunday night over the N. B. C. blue network at 7:15 P. M., the college will be given a complimentary salute by Conrad Nagel the Master of Ceremonies. Featured on this program will be four acts composed of student entertainers selected here on the campus February 9th and 10th and whose efforts will be paid for by the sponsors of the broadcast.

All students are eligible to compete in the auditions which will be held from 4 to 6 o'clock next Tuesday and Wednesday afternoons and between 7 and 9 Wednesday night in the Campus Band Room of Annex "B." Aspirants may be either professional or amateur.

### Talent Scouts Judge

Carl Sutzbacher and Everett L. Jones, talent scouts for the hour will be on the campus at that time and will listen to the contestants by means of special radio equipment from another room. Sutzbacher states that all types of acts will be considered as material. Skits, soloists, instrumentalities, imitators, and small ensemble groups composed of not over four persons will be eligible to compete for selection.

Three or four representative acts will be chosen from the number trying out and those successful will be given cash prizes varying.

Continued on Page 3

## Student Loan Fund Filled

Headed by a \$180 contribution from the Parent-Faculty Club, figures released today by Leo C. Nee, financial secretary, indicated that approximately \$550 was given to the student body loan fund during 1936.

Outstanding on the books of the loan fund is \$4617. This sum represents loans made to students of the college. During 1936 the loan fund assisted students with a total of \$4199. Loan collections totaled \$4012.

"The contribution of the Parent-Faculty Club represents a small portion of the work that the group does in assisting the students of the college," declared Mr. Nee. "Few of the students in the college recognize the fact that this club plays such a major part in seeing to the general welfare of the students."

### Scribes Are Host To P. F. C. Today

With a literary tea, the Scribes Club will take a turn at playing host to the Parent-Faculty Club this afternoon in the activities room.

In addition to the regular procedure of the Parent-Faculty Club, headed by Mrs. Carl Olson, a literary note will be injected by the reading of original manuscripts including stories and critical writings by the Scribes Club authors.

## FEATHER IN OUR CAP

San Francisco State will have the chance of a life time to show the whole coast on February 21, when we take our place on the California Hour.

The outstanding fact will be the talent presented by us, so it is up to you to audition for the tryouts. Through many auditions, there will be the best available for the program.

If you whistle, sing, dance or play, go to the student body offices right now and sign up.

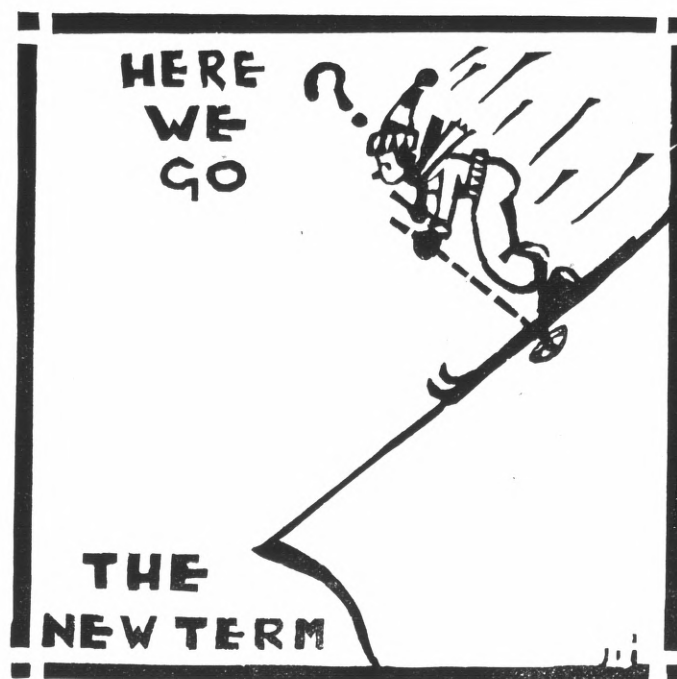

## Notice

By Dean P. F. Valentine

"The general-junior high credential will, for an indefinite period of time, permit the holder to teach in the grades of both the elementary and the junior high school. This single credential is obtainable upon completion of 124 units of work, provided they cover the requisite practise teaching and subjects. Two minors other

than education are required. Students now registered for the general elementary credential, may therefore, change to the general-junior high without the requirement of 136 units for a credential that is equivalent to both elementary and junior high. Students interested in making this change should consult the registrar at once."

## SUPPORT STUDENT ACTIVITIES

## FOR NEW STATERS

Monday started another semester for San Francisco State and a different life for new comers. We are happy to meet you. Through the few short years that you spend here, we want you to feel that this college is the top.

It is well known that you only get enjoyment through your own efforts. Therefore, start your college career with plenty of pep to your endeavors, but don't forget that through extra curricula activities you will gain invaluable knowledge. Things that do not come in books.

There is plenty of room for you at the top. Join a club, take an active part in your class affairs, or one of the many other things offered here that you would not be able to get in some other college.

San Francisco State has the reputation of being one of the most democratic colleges on the coast and we are proud of it. There are no cliques here to keep you out, we want you to help us and we want to help you.

Best of luck for your first State semester and we are mightily glad to have you.

## WE WANT A CHANCE

As everything is making a clean start, off to a new semester and so we will assume that we, of the Gater staff can do the same. We realize that we of the fifth dimension have made many gross errors in the past.

As the last semester is so close on hand, we can think only of those mistakes. May we say that we are truly sorry. Sorry if your feelings were hurt, sorry if you were misquoted and again if things weren't printed just right.

Of course, excuses always help—but the only one that is plausible and the truth is the fact that we did not fully realize the import of their meanings. It is a well-known fact that things look worse in news print, and are when they come out in the Gater.

So as an answer to this problem, we or the Gater staff do solemnly pledge that we will do our best to correct these errors. We don't want to hurt anyone's feelings, we don't want to make enemies, so please give us another chance.

—The Gater Staff.

## Behind The Scene

By Clarice Dechent

Here we are again, after a year's vacation, embarking on another columnistic venture, different, we hope, from any we have tried before. Each week, we shall attempt to bring you some unusual facts from behind the scenes of the various departments and offices of State.

We have all had contacts with the business office (especially in paying fees). To the average student, the force doesn't seem to have much to do but make change. This may have been the case once.

\* \* \* \*

Assisted by Miss Davitt, Mr. Nee originally had charge of Student Body fees, exclusively. In 1934, however, he succeeded Miss Hussey as financial secretary. The new position brought with it the keeping of State books and reports, property records, loan fund records, etc. In addition, all the buying for the college is done through the business office.

However, one finds fun mingled with their duties. On one occasion, a shipment of large frogs arrived for a science course. When it was checked in at the office, Mr. Nee was intrigued by the amphibians. Opening the box, he stooped to examine them. As if at a signal, one of the frogs jumped high and out of the box. Chaos ensued. The next few minutes saw Miss Davitt atop a desk screaming, and Mr. Nee chasing the elusive little animal hither and yon. The day was finally saved, when a biology major, joining in the chase, cornered the creature. Once more, peace (?) reigned.

\* \* \* \*

Incidentally, how many of you know that Mr. Nee is a graduate of a Wisconsin Normal school, and was formerly an elementary school teacher? His experiences in the World War made him one of the few veterans belonging to the Order of the Purple Heart. Those, and many other experiences, are all behind him. Now, his real interest is in the students and their activities.

So we dedicate the salute of the week to Mr. Nee and his able assistant, Miss Davitt, and to the frogs.

## Registrar's Notice

Friday, February 5—All students must file their permanent program cards. A charge of \$1.00 will be made for all those filed later. Students are responsible for each course listed on these cards.

Senior Notice—All seniors who expect to graduate in May should file applications for degrees and credentials at once in the registrar's office.

New P. E. Course—P. E. G. A. B. and C. Horseback will be given on Saturday mornings from 10:00-12:00 for 1½ unit. Miss Ely will supervise the course.

By DAVE SHUTZ

Here's in again.

After six months of wandering about as a spectator instead of writing your scrivener is back again in the harness for another crack at scribbling the goings on in the San Francisco State College sports world.

Lots of things have happened during our sojourn in the bleachers. Shucks, we even beat the Jay-ees in football. But all that is past history, let us now visualize what is before us this coming season, which truly will be the busiest, and let's hope the most successful that the State athletic department has yet embarked upon.

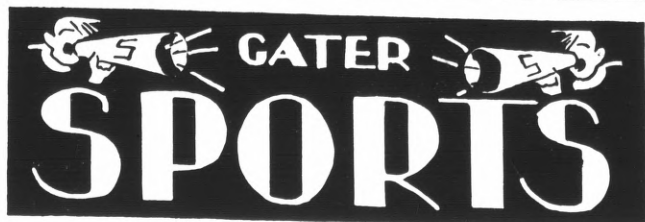

What makes this such a busy season? Well gaze, if you will at the schedules that have been concocted by the managers and coaches of the various sports.

First, let us take baseball. This activity, which got under way Monday, really has a tough job ahead of it. The most successful season any athletic team ever enjoyed was that of the baseball squad of last year. Seventeen victories in twenty-two contests against real opposition such as California, Santa Clara, San Jose, and Fresno State. Well, all those games are on the slate again this year, but gone from the 1936 nine are: Bob Marcus, leading hitter; George Powles, the only real pitcher on the team, Frank Reagan, Clint Purcell, Joe Lee, and Floyd Walter. These faces will really be missed, but Coach Hal Harden still thinks that this year's squad will be tops.

Hopping along we come to the fellers in the onderbritches, yes, the tracksters. These guys had a plenty swell season last year, but the team is half gone now that Bu Stone has finished his years of eligibility. However, there is still plenty of material around. Daryl Hopkins says he'll do :24 flat in the low hurdles and 6:3 in the high jump. Biff Shreeve was quoted as saying he has it in him to do 9:30 in the two-mile, and Relfe Leavitt is positive that he can do :10 flat in the 100. If these stunder artists come through Coach Cox will have his smile working overtime.

Coach Dan Farmer's netmen are still all right, they have blond Ronnie English on the team. This guy English is good. He hasn't lost a match in three years of competition at State and is ranked eighteen among the men in California, which has all the good tennis players in the country. Ask Mr. Cowell.

Oh yes, this is going to be a busy season, but as always State will be on top. Watch and see.

## Gater Hoopmen Cinder Stars To Meet Aggies Open Practice In Big Series For New Year

This week-end the highly successful Purple and Gold basketball team entertains the Mustangs from Cal. Aggies, in an attempt to hang up victory number 12. The series begins Friday night in the State gym and Saturday night the teams move up to Davis for the second game.

Smacking down Fresno State twice in their last appearance on the floor, the Gaters ran their string to eleven wins against only two defeats. The losses came when State split a series with both Chico and Humboldt.

The little bit known about the Mustangs is that they have dropped a game to Chico State, and by comparative scores that puts the Gaters in good light. However, there is nothing so often wrong as a comparative score.

State looked like a bunch of bums on Friday night during the first half, but during the last half they came back to overcome a Bulldog lead and win by eleven points, 35 to 24. Saturday night, with the second team playing the first half of the game, the Gaters turned in a thrilling 36 to 34 win over the Raisin City five.

Cy. Atkinson, center, Kenney Wilkes and Billy Hammond, forwards, are leading the team in scoring. Bill Plutte and Kenney Johnson, guards, occasionally drop in a helpful bucket, along with their usual good floor game.

The complete schedule for the rest of the season:

Feb. 16—S. F. J. C. at Kezar.  
Feb. 19—U. of Nevada at Civic Auditorium.  
Feb. 20—U. of Nevada at Kezar.  
Feb. 24—S. F. J. C. at Kezar.

### Lehman Dies

The field of journalism has lost a rising young reporter and San Francisco State a good friend.

Harold Lehman, night sports editor of the **San Francisco News**, passed away last week after a month's illness.

Lehman, who was destined to become a great journalist, was well liked for his fairness to small schools. He always gave the "underdog" a break whenever possible. State will miss his support and interest. One of the last stories he wrote concerned the college's campaign for proper athletic facilities.

Able guided by Coach Dave Cox, the 1937 edition of the Purple and Gold cinder artists are working out daily in hope of giving San Francisco State ample representation in this spring's track meet.

Although the "Gater Gang" have more than a month before their first scheduled contest with the San Francisco High School All-Stars, Saturday, March 6, there will be plenty of opportunity for the State trackmen to strut their stuff in inter-class competitions. A cross country run has been scheduled for Wednesday, February 17. A trophy will be awarded the winner, while the next nine place winners will be given ribbons for their efforts.

Graham, Kline, Buickerwood, and Uskerwood are lads favored to place in this event. An inter-class track meet staged between the higher and lower divisions of each class will compete in the final pre-season track event. Block winners will not be eligible to enter the inter-class meet.

Among the veterans returning to this year's squad are Daryl Hopkins in the hurdles and high jump, Bob Prather, Relfe Leavitt, and Louie Abrams in the sprints, Ronnie Lindlow, quarter mile; Ed Cota, mile; Biff Shreeve, two mile record holder, and Bob Kelnhofer, broad jump, who may be eligible if scholastic difficulties don't arise.

A track meeting will be held tomorrow afternoon in room 210 at four o'clock. All track candidates and all persons interested in competing in track are requested to be present.

### Radio Story

Continued from page one  
ing from \$25 to \$75 depending on the number of persons in the act. The successful acts will broadcast on February 21st from Los Angeles and will be eligible for another cash award of \$65. The best act of the program as decided by a letter vote of the radio listeners wins the latter named amount and the privilege of broadcasting on a later program with all transportation paid for. The best number on the final one receives a cash prize of \$100.

Cockrum was enthusiastic in his praise of the student body for their enterprise in arranging the broadcast. He appealed to the various departments of the school for strong support in the coming auditions and stated that participation in such an activity would do much to further the interests of the institution among people of the state.

## State Netmen Enter Newly Formed Tennis Association: First Step is Now Completed

By BILL ROSE

At last after semesters of campaigning by the sports staff of the Golden Gater for State's entrance into an athletic conference, it was announced today by Coach Dan Farmer that his tennis team is one of the four members of the newly organized Northern California Intercollegiate Tennis Association. The other members are St. Mary's College, University of Santa Clara, and the University of San Francisco.

### Harden Faces Lack of Pitchers for Coming Baseball Campaign

Forced to enter the coming season without a single pitcher who has had any former experience, Coach Hal Harden has been looking all over the campus for someone who can hit a catcher's glove with some regularity.

As a result of his search, Harden has come up with two former track stars, Runar Stone, who will be attempting to get a block in his fourth sport, and Owen Jones, weight thrower from last season's cinder artists.

Whether Jones will find throwing a baseball as easy as a shot or discus will be decided as the season progresses. Stone has shown a good fast ball which may develop along with control which he is apparently procuring with added practice.

The nine will be facing the loss of many valuable faces among whom George Powles and Bob Marcus will prove to be the most sorely missed. Powles was State's one and only real pitcher last year, while Marcus led the team in hitting with a .421 average.

Returning veterans include George Bogdanoff, first base; Spider Turner, second base; Kenny Wilkes, third base; Hal Wood, center field; Andy Gavron, right field; Pat Bowers, left field; and Charlie Iago, catcher.

Most important among the new prospects are Bill Abbey, catcher, and Ed Clearey, shortstop. Other hopefuls include last year's manager Bill Rose, George Peters, left fielder, and this year's manager Dave Shutz, who would rather get his block playing.

Practice started Monday in preparation for the first scheduled game for February 17, and the important battle against the University of California.

### Tennis Schedule

March 6—Santa Clara at Santa Clara.  
March 12—U. S. F. at Palace of Fine Arts.  
March 13—Cal. Aggies at Palace of Fine Arts (non-League).  
March 20—St. Mary's at Palace of Fine Arts.  
April 3—Santa Clara at Palace of Fine Arts.  
April 9—U. S. F. at Palace of Fine Arts.  
April 10—San Jose State at Palace of Fine Arts (non-League).  
April 17—St. Mary's at St. Mary's.

A double roundrobin schedule will be played, starting on March 6 with the Gater netmen meeting the Broncos at Santa Clara. After the regular season ends, the first and second place teams will meet in a play-off match for the championship. A silver cup will be awarded for this year's winner, however, in the future both a cup and a perpetual trophy will be given to the conference champions. The championship match will be played at the Palace of Fine Arts courts.

The Gater tennis squad has met two of the members of the conference in competition before and always has held its own, defeating both U.S.F. and Santa Clara for the past two years. Considering this Coach Farmer feels that his racket wielders will have a good chance of coping the first championship. However, St. Mary's still remains an unknown quantity.

Of the six matches on the schedule, four of them will be played in San Francisco, and Coach Farmer is at present working on a plan to have them all played at the Palace Courts. If the Purple and Gold land in the upper division and therefore play in the finals, they should have the advantage of being well used to the courts.

The tennis squad has three veterans returning for another year of competition, including Ronnie English, eighteenth ranking tennis player in the State of California. English has for three years been State's number one man and undefeated in intercollegiate play. Supporting him will be oldsters Joe Rosen and Frank Collins. Both men turned in good seasons last year and are expected to win a large share of their matches again this year. Newcomers to the squad are Billy Hammond, midget Gater football and basketball star, and a freshman, Rod Kavanagh, ex-Galileo track man.

The Gater net coach, Dan Farmer, looks for another good year for his team, stating in regard to the new league and its effect on the boys, "This is our first chance at conference competition and I expect it to have a good effect on the spirit and morale of the team. We now have something tangible to work towards."

Besides meeting the conference members twice, the Purple and Gold also have scheduled California Aggies and San Jose State.

## Noon Dance Held Weekly On Wednesday

Wednesday noon dances, sponsored by the Women's Athletic Association, in conjunction with the Block "S" society, will be the new order of the Spring term, according to Virginia Kyriazi, former president of the W. A. A. organization.

Miss Kyriazi and George Bogdanoff have been appointed chairmen of the committee, with each class being asked to sponsor one of these dances during the term. The affairs will be held in the manner of a contest, with a perpetual trophy being given to the group sponsoring the best dance.

Orchestra selections will be made by the chairmen, and the contest will be held with the stipulation that expenses of each class are not to exceed \$4.25. There will be no gymnasium decorations of any kind.

The idea was originally presented by Dean Ward, and is enthusiastically supported by the Executive Board of the college. The first dance will take place in the gymnasium in about two

## Freshman Lay Dance Plans

The freshmen want to start things off correctly and they seem to know that there's nothing like a good foundation. For their dance they want each item to be superlative so that the entire affair will be successful. They're in search of the time, the place, and the orchestra. The freshman committee is looking for the best in all these departments in preparation for the first out of school dance to be given by the class. The final decisions on all these matters will be released on Friday.

weeks.

The plea that there be no "stag line" at the affairs was made by the chairmen. "If there is no stag line, there will be no wall flowers," Miss Kyriazi said.

Officers of the class giving the dance will act as hosts and hostesses, while judges to determine the winner will be selected from among the faculty. Any organization, outside of the respective classes, wishing to participate in the affair, will be welcome to do so, according to the general chairmen.

## International Club Elects Term Officers

The International Relations Club installation was held Saturday evening January 23, 1937, at the Russian Tea Room. The following were installed as the International Relations Club executive council for the Spring Semester: President, Jeanette Dissmeyer; Vice President, Phyllis Ferrari; Correspondent Secretary, Olivine Vagler; Librarian, Marjorie Graham; Assistant Librarian, Bessie Hall; Recording Secretary, Vivian Risdon; Treasurer, Jack Loughner.

All fellows and girls who are interested in promoting international good will, studying interracial or international problems, or becoming acquainted with other cultures, are cordially invited to attend the first meeting of the semester, which is to be held February 5, at 12:15 P. M., in Room 118 College Hall.

The purpose of the meeting will be to organize the group for immediate work on the educational and social program outlined by the executive council at a meet-

## A. M. S. Inaugurates New Term With Gala Rally

Starring Kelvin Healy, young San Francisco singer, the A. M. S. will hold a two hour rally tomorrow in Annex B. The rally, directed by Don Amos, will combine nominations for new officers for the organization with a "welcome frosh" theme.

Healy, a San Francisco youngster, has been signed by Eddie Cantor and will probably take a major part in the comedian's air work within the next year. Healy appeared at the first A. M. S. rally of the term.

Sixteen acts will grace the bill which was held Friday evening, January 29, at the home of the club president.

Applications for membership can be obtained through post box 1450. Membership in this group is exceedingly worth while as members have the privilege of using books and literature furnished by the Carnegie Endowment, from the Club Library in Room 204. Also a bulletin board maintained there is valuable in keeping one informed on local activities pertinent to international life.

of the two hour performance. Four of these acts will be secured from radio stations and night clubs in the city. Peter Solis noted tango dancer, will have featured spot on the program. His wife will be his dancing partner in this feature.

Jack Martin and other student talent will also be starred in this final rally of the A. M. S. officers headed by Mike Driscoll.

"I promise you that this will be a full program," declared Don Amos. "We are making this a climax to the activities of the semester."

"The A. M. S. has had one of the most successful terms," declared Mr. Nee, "I think the officers of this organization are to be congratulated. The dance, sponsored by the group early last semester, was the first of any held in the gym to make money. The fact, along with the full program of rallies, should earn the club the sincere thanks of the student body."
